

WELCOMING

ONE THIRD OF THE WORLD

In 2015, we welcomed clients from 58 different countries. Given that there are 193 countries in the world (recognised by UN), that means that we welcomed more than 1/3 of the nationalities of the world!

Our clients come mostly from Italy, France, Spain, Brazil and Germany.

But we also have clients from Ecuador, Mongolia and Sudan.

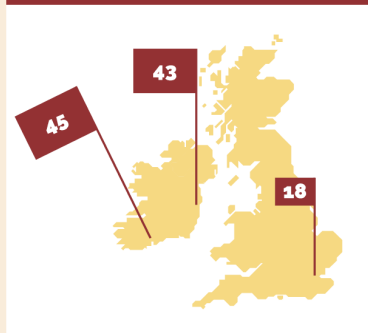

French love Cork.

Italians are the most numerous in Dublin and London.

Speaking of our cities: in Cork we counted people from 45 different nationalities Dublin saw clients from 43 countries and in London we helped people from 18 countries.
